ATTITUDE COWBOY

15'3 Sorrel 1994

Sire: Mr. Conclusion

Dam: Brittnee

50%-50% Halter

Performance

“Cowboy” has produced several big, beautiful, classy looking foals with great minds for us in the 2 years we have owned him. His foals have always been in the money for us. One of his 2009 colts “JWT Watch My Attitude”, won the 2009 Lead N Lope Late Colts Breeder's and Open Late Colts Futurities. He also produced a black filly “JWT Cowboy Cash” that placed high as well in the Lead N Lope Breeder's Late Fillies and Open Late Fillies. He has produced palominos, blacks and also has 4 paint babies (3 of which are point earners in APHA). He also has a few point earners in the ApHC. You can't go wrong breeding your Quality mare to “Cowboy” to put you in the winners circle in 2011!! We have no doubt that these babies will be riders as well. They seem to float above the ground with that natural flat kneed movement that we all love and strive to produce in our foals. Here's an own son of the leading sire that changed the look of the modern day halter horse, out of a World Champion producing own daughter of Superior Halter and Performance horse, Color Me Skip. He has 12.4 Halter points, 10 Grands and 4 Reserves. World qualifier as a yearling in Open and Amateur Halter. Full brother to Misters Gold Fever-PHBA World Champion and Superior Halter horse. From only 37 AQHA and APHA foals, he has 8 point earners in halter and hunter under saddle. AQHA say they're going back to the AQHA Champions and all around horses and that's why we wanted this horse. Unknown to a lot of people, Mr Conclusion produced 236 performance point earners that earned 9,168.5 points and 46 Superiors. His get also have \$71,437 in Snaffle Bit earnings. Try “Cowboy” for your next show ring star. We are well pleased with his babies. He produces nice minds on beautiful babies. HYPP N/N Approved for APHA and ApHC.
